

ECA – Safety Forum Meeting

Wednesday 4-5-2017

Location: ECA Headquarters, Anaheim

Attendees:

- David Graham BATS Traffic Solutions Chair
- Gerry McEwen GMGS
- Scott Van Diest Van Diest Bros.
- Jordan Latimer Ferriera Construction
- Stan Llabian Alcorn Fence
- Doug Marquis Conco Pumping
- Kengo Takahashi Trench Shoring Co.
- Hector Valle TMI
- Travis Trumble Murray Company
- Wes May ECA

Review Minutes: Minutes from last meeting not available.

Will review at June Meeting

Cal/OSHA Update: Stan mentioned that he understands that Cal OSHA is placing more emphasis on enforcement rather than consultation.

Presentations: Gerry McEwen

- (1) How to survive a Cal/ OSHA Inspection
- (2) 10 Most Cited OSHA Violations

Both presentations were interesting and informative,

Q & A and discussion regarding Gerry's presentation topics. Stan pointed out that Cal/OSHA is stepping up enforcement efforts.

Open Discussion: Stan asked if the Bureau of Labor Statistics can request information from an employer.

Gerry responded that they can do that.

Based upon currently available information the Cal/OSHA revised silica rules are going forward.

Numerous safety apps are available that could assist safety persons in the workplace.

Examples of available apps:

Heat

Ladder

“Miller” fall protection

NIOSH Lifting Calculator

Rigging, etc...

Field Trip: David Graham will attempt to organize a visit to the Desmond Gerald Bridge.

Adjourned at 12:50 pm
